APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, JANUARY 25, 1888.

NOTIFICATION.

The 23rd January 1888.—Under the powers conferred upon him by section 24 of Act VII of 1884 (the Indian Steam-ships Act), and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor has been pleased to make the following rules for the survey of steam-ships:—

1. Every application for the survey of a steam-ship shall be made between the hours of 10 A.M. and 5 P.M. on any day, except Sundays and Government holidays, on a printed sheet in the form No. 1 hereto annexed, which will be supplied for this purpose at the Surveyor's office, to the surveyor at the port of Calcutta, and should be made at least three clear days before the day on which it is desired that the survey shall take place.

2. Upon receipt of an application in the prescribed form, duly filled in, the Surveyor will fix the date and hour at which the survey shall be commenced, and will forward to the applicant an intimation of the date and hour so fixed, together with a list of the requisite preparations for the survey of the steam-ship. The said intimation and list shall be in the form No. 2 hereto annexed.

3. Upon due notice or application from the owner or master, surveys shall be made by the surveyor or surveyors appointed under the Act on any day in the year, with the exception of Sundays and Government holidays. If circumstances admit, surveys may be made on holidays.

4. The surveyors will be guided by the rules issued by the Board of Trade in so far as such rules are applicable to surveys made in India. In cases where two surveyors are employed, the Engineer-Surveyor will survey the engines, boilers, and all the machinery required to be surveyed under the Act. The Shipwright Surveyor will inspect the hull, equipments and passenger accommodation, measure and determine the number of passengers the vessel is fit to carry, and see that the certificates of the master, mates, and engineers or engine-driver are such as is required by the Act; also that the lights and fog signals are in accordance with the regulations for the prevention of collisions at sea.

5. The surveyors' declarations and the certificate of survey shall be made and issued in the forms hereto annexed and numbered 3 and 4 respectively.

6. Every declaration shall be sent, in accordance with section 12 of the Act, by the owner, or master, to whom it is given, to the officer appointed under section 12, clause (1) of the Act.

7. The notice to be given under section 13, sub-section (3) of the Act, to the owner or master when a certificate is ready for delivery, shall be given, under the signature of the officer authorized to grant certificates of survey, in the form No. 5 hereto annexed.

8. If every part of the steam-ship is not ready for survey at the time so appointed, or if the requisite preparations have not been made in accordance with the list forwarded to the applicant under rule 2, the surveyor may fix some other convenient time for the survey.

9. If the surveyor is unavoidably prevented from being present at the time fixed, the earliest possible intimation shall be sent to the applicant, and some other time, convenient to the applicant and to the surveyor, shall be fixed for the survey.

10. With a view to obviate inconvenience and delay, owners and masters whose vessels are in dock or undergoing repairs should communicate at once with the surveyors, if their vessels have afterwards to be surveyed.

11. If a surveyor finds that any defect exists in the hull or equipment of a steam-ship, he shall, before refusing to give a declaration under section 11 of the Act, address a letter in the form No. 6 hereto to the master of the steam-ship, pointing out such defect and the repairs, &c. necessary to make good the same, and to enable him to grant a declaration.

12. A fee at the following rates shall be payable for certificates of survey:—

			Rs.
For steam-ships of which the net tonnage is less than			40
" " 200 tons and upwards	35	"	60
" " 350	70	"	80
" " 700	100	"	100
" " 1,000	150	"	120
" " 1,500 tons and upwards			120

These rates are for certificates which, if not in the meantime cancelled or suspended, will remain in force for one year from the date thereof.

If the ship's hull, machinery, or equipments are stated in the certificate to be sufficient only for a period of less than one year from the date thereof, one-twelfth of the above annual amount shall be payable for each month or fraction of a month comprised in the said period, provided that—

- (a) the minimum fee shall be one-fourth of the annual fee;
- (b) in the case of a new steam-ship coming under survey for the first time, the full annual fee shall be payable, whatever be the nature of the certificate.

13. On Sundays, Good Friday, and Christmas day, Rs. 20 per hour will be charged in addition to the fees ordinarily chargeable. Time spent in travelling is not to be included in the charge allowed for holidays.

Correspondence.

14. All correspondence relating to the survey of steam-ships should be addressed as follows:—

NOTIFICATION.

The 24th January 1888.—Under the powers conferred upon him by section 21 of Act VI of 1884 (the Inland Steam-Vessels Act), and with the sanction of the Governor-General in Council, the Lieutenant-Governor has been pleased to make the following rules for the survey of Inland steam-vessels:—

1. Every application for the survey of an Inland steam-vessel shall be made between the hours of 10 A.M. and 5 P.M. on any day, except Sundays and Government holidays, on a printed sheet in the Form No. 1 hereto annexed, which will be supplied for this purpose at the Surveyor's office, to the surveyor at the nearest place of survey, and should be made at least three clear days before the day on which it is desired that the survey shall take place.
Application for survey.
2. Upon receipt of an application in the prescribed form, duly filled in, the surveyor will fix the date and hour at which the survey shall be commenced, and will forward to the applicant an intimation of the date and hour so fixed, together with a list of the requisite preparations for the survey of the Inland steam-vessel. The said intimation and list shall be in the Form No. 2 hereto annexed.
3. Upon due notice or application from the owner or master, surveys shall be made by the surveyor or surveyors appointed under the Act on any day in the year, with the exception of Sundays and Government holidays, at Calcutta, Chittagong, Patna, Cuttack, Goalundo, Kooshtea, Dehree, Khoolna, Sahebgunge and at such other places as may, from time to time, be declared by the local Government to be places of survey. If circumstances admit, surveys may be made on holidays.
Time and place of survey.
4. The surveyors will be guided by the rules issued by the Board of Trade in so far as such rules are applicable to surveys made in India. In cases where two surveyors are employed, the Engineer-Surveyor will survey the engines, boilers, and all the machinery required to be surveyed under the Act. The Shipwright Surveyor will inspect the hull, equipments, and passenger accommodation, measure and determine the number of passengers the vessel is fit to carry, and see that the certificates of the master and engineer or engine-driver are such as is required by the Act; also that the lights and fog-signals are in accordance with the regulations for the prevention of collisions at sea.
Surveyors' duties.
5. The surveyors' declarations and the certificate of survey shall be made and issued in the forms hereunto annexed and numbered 3 and 4 respectively.
6. Every declaration shall be sent, in accordance with section 10 of the Act, by the owner or master to whom it is given, to the officer appointed under section 10, clause (1) of the Act.
7. The notice to be given under section 11, sub-section (3) of the Act, to the owner or master when a certificate is ready for delivery, shall be given, under the signature of the officer authorised to grant certificates of survey, in the Form No. 5 hereto annexed.
8. If every part of the steam-vessel is not ready for survey at the time so appointed, or if the requisite preparations have not been made in accordance with the list forwarded to the applicant under rule 2, the surveyor may fix some other convenient time for the survey.
9. If the surveyor is unavoidably prevented from being present at the time fixed, the earliest possible intimation shall be sent to the applicant, and some other time, convenient to the applicant and to the surveyor, shall be fixed for the survey.
10. With a view to obviate inconvenience and delay, owners and masters whose vessels are in dock or undergoing repairs should communicate at once with the surveyors, if their vessels have afterwards to be surveyed.
11. If a surveyor finds that any defect exists in the hull, machinery or equipments of an Inland steam-vessel, he shall, before refusing to give a declaration regarding the vessel under section 9 of the Act, address a letter in the Form No. 6 hereto annexed to the owner or master of the steam-vessel, pointing out such defect and the repairs, &c., necessary to make good the same, and to enable him to grant a declaration.
12. A fee at the following rates shall be payable for certificates of survey:—

			Rs.
For Inland steam-vessels of which the gross tonnage is less than	...	100 tons	25
"	"	100 tons and up to	200 "
"	"	200 ditto	350 "
"	"	350 ditto	700 "
"	"	700 ditto	1,000 "
"	"	1,000 ditto	1,500 "
"	"	1,500 tons and upwards	...
			120

These rates are for certificates which, if not in the meantime cancelled or suspended, will remain in force for one year from the date thereof.

If the vessel's hull, machinery, or equipments are stated in the certificate to be sufficient only for a period of less than one year from the date thereof, one-twelfth of the above annual

amount shall be payable for each month or fraction of a month comprised in the said period provided that—

- (a) the minimum fee shall be one-fourth of the annual fee;
- (b) in the case of a new Inland steam-vessel coming under survey for the first time the full annual fee shall be payable whatever be the nature of the certificate.

13. On Sundays, Good Friday, and Christmas Day Rs. 20 per hour will be charged in addition to the fees ordinarily chargeable. Time spent in travelling is not to be included in the charge allowed for holidays.

Correspondence.

MUNICIPAL DEPT. ;

MARINE,

The January 1888.

NOTIFICATION.

The 24th January 1888.—Under the powers conferred upon him by section 51 of Act VI of 1884 (the Inland Steam-Vessels Act), and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to make the following rules to regulate the carriage of passengers in inland steam-vessels:—

I.—The master of any inland steam-vessel may refuse to receive on board thereof any person who, by reason of drunkenness or contagious or infectious disease or madness, or otherwise, is in such a state, or misconducts himself in such a manner, as is likely to cause annoyance or danger to other passengers on board; and in the case of drunkenness, if such person is on board, may put him on shore at any convenient place.

II.—The following offenders, that is to say—

- (1) Any person who, being drunken or disorderly, has been on that account refused admission into any inland steam vessel by the owner or person in charge of such steam-vessel, and who, after having had the amount of his fare (if he has paid the same) returned or tendered to him, nevertheless persists in attempting to enter such steamer;
- (2) Any person who, being drunken or disorderly on board any such steamer, is requested by the owner or person in charge of such steamer to leave the same at any place at which he can conveniently do so, and who, having had the amount of his fare (if he has paid the same) returned or tendered to him, refuses to comply with such request;
- (3) Any person on board any such steamer who, after warning by the master or any other officer of the steamer, molests or continues to molest any passenger, or commits any act of indecency;
- (4) Any person who, after having been refused admission into any such steamer by the owner or any person in his employ on account of such steamer being full, and who after having had the full amount of his fare (if he has paid the same) returned or tendered to him, nevertheless persists in attempting to enter the same;
- (5) Any person having got on board any such steamer who, upon being requested on the like account by the owner or any person in his employ to leave such steamer before the same has quitted the place at which such person got on board, and who, upon having the full amount of his fare (if he has paid the same) returned or tendered to him, refuses to comply with such request;
- (6) Any person who travels or attempts to travel in any such steamer without having previously paid his fare, and with intent to avoid payment thereof;
- (7) Any person who, having paid his fare for a certain distance, knowingly and wilfully proceeds in any such steamer beyond such distance without previously paying the additional fare for the additional distance, and with intent to avoid payment thereof;
- (8) Any person who knowingly and wilfully refuses or neglects on arriving at the point to which he has paid his fare to quit any such steamer;
- (9) Any person who takes or attempts to take luggage with him in any such steamer without having previously paid the freight payable on such luggage and with intent to avoid payment thereof;
- (10) Any person who travels or attempts to travel in accommodation of a higher class than that for which he has paid his fare, with intent to avoid payment of the fare payable for the accommodation he is using;
- (11) Any person on board any such steamer who does not, when required by the master or other officer of such steamer, either pay his fare or exhibit such ticket or other receipt (if any) showing the payment of his fare as is usually given to persons travelling by and paying their fare for such steamer, or who does not when so required deliver up his ticket at the end of the journey;
- (12) Any person who, having a ticket for any such steamer, transfers it to any other person with intent to evade the payment of fare by such other person to the owners of the steamer;
- (13) Any person who, on any such steamer, uses, or attempts to use a ticket on any day for which such ticket is not available, with intent to avoid payment of the fare;
- (14) Any person trespassing, on any such steamer, into a compartment reserved for females and occupied by females;
- (15) Any person smoking or in possession of a fire or light of any description in any part of any such steamer except where permitted by the master thereof;
- (16) Any person committing a nuisance in any part of any such steamer except in the privies provided for the purpose; and
- (17) Any person embarking on, or disembarking from, or attempting to embark on, or disembark from, any such steamer while such steamer is in motion,

shall for every such offence be liable, on conviction before a Magistrate, to a penalty not exceeding Rs. 20; but such liability shall not prejudice the recovery of any fare payable by him.

III.—Any passenger travelling on a steamer without a proper ticket, or having such ticket and not showing it or delivering up the same when so required to any servant of the Steamer Administration duly authorized to examine or collect the same, shall be liable to pay the fare of the class in which he is found travelling from the place where the steamer originally started, unless he can prove that he has travelled a less distance only, in which case he shall be liable to pay the fare of the class aforesaid only from the place whence he has travelled. Every such fare shall, on application, by a servant of the Steamer Administration, to a Magistrate, and on proof of the passenger's conviction, be recoverable from such passenger as if it were a fine, and shall, when recovered, be paid to the Steamer Administration.

Explanation—Steamer Administration means, in the case of a steamer or line of steamers worked by Government or a Native State, the Commander of such steamer or manager of such line of steamers, and in the case of a steamer or line of steamers worked by a company or private individual, such company or individual.

COLMAN MACAULAY,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 24th January 1888.—Under the powers conferred upon him by section 50 of Act VI of 1884 (the Inland Steam-Vessels Act), and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to make the following rules for the protection of inland steam-vessels from danger by explosion or fire:—

I.—Every inland steam-vessel shall be provided with sufficient hose to reach from her engines to her stem and taffrail, and shall be supplied with fire-buckets in the proportion of one for each of the crew, which shall be kept in a place where they are at once available.

II.—Fire-engines shall be placed under the charge of an officer, who shall be responsible that they are ready for immediate use.

III.—Before inland steam-vessels proceed on a voyage, their cargo, and that of any flats which are intended to be towed, shall be safely stowed away, and hay or other inflammable material shall be properly covered with tarpaulins or other sufficient protection.

IV.—Sections 48 and 49 of the Act shall be posted up in some prominent place in every inland steam-vessel. Every person who takes any dangerous goods with him on board an inland steam-vessel shall, if required to do so, deliver up the same to the master of the vessel for safe custody.

V.—No person shall use naked lights of any description in the hold or on the cargo deck of any vessel; and no closed light shall be so used unless it be in charge of an officer of the vessel. Fires shall be permitted only in galleys or regularly constructed fire-places.

VI.—Stations shall be assigned beforehand to the officers and crew, so that, in case of fire, they may divide into parties and take up those stations.

VII.—No gunpowder or other explosive shall be carried unless in a suitably constructed magazine compartment; and no fire shall be permitted on board any flat or steamer while gunpowder is being taken in or discharged.

VIII.—It shall be the duty of the master of every inland steam-vessel to give effect to and observe the above rules, and he or any other person committing a breach of these rules shall be punished with imprisonment for a term which may extend to six months, or with fine which may extend to five hundred rupees, or with both.

The scene is laid at ancient Ider, the capital of Guha or Grahaditya, the founder of the Gehlot dynasty of Chitor. The principal characters are the Prince Guha Mandalika, the King of the Bhils and the Bhil Princess named Tālgāchh. The authoress appends a few notes at the end of the work, in which she attempts to refute the arguments brought forward by Colonel Tod to prove that the Ranas of Chitor are descended from Nashirwan the just, the Sassanide King of Persia	6533

first produced from the tomb of Bakul and Tan, man and wife, who were buried in the same grave, and that it is a sort of pledge for love and friendship among men. The Wahabis forbid the use of tobacco because it has a bad smell, but they do not scruple to deal in hides the bad smell of which is absolutely intolerable.
